Nóta ón bPríomhoide

A thuismitheoirí,

Tá súil againn go bhfuil sibh ag deanamh chomh maith agus is feidir. Táimid fíor bródúil as an méid leanaí atá linn ar líne agus an méid oibre atá á gclúdach ag ár múinteoirí sna ranganna beo. We hope everyone is doing as well as they possibly can and we hope everyone is well.

We are so very proud of our children and their interaction with us online. Thank you all for what we understand is a huge effort, to be online and engaged in live classes when the family home must have a hundred other things going on at once.

We have had a week of the highest % ever of children taking part in our live classes thus enabling the class teacher to cover new material and move along with the curriculum and readers. This is so important for us and for your child.

At times your child might find sitting in front of the camera difficult. We ask you to encourage them to understand the importance of the camera. It's good that we all see each other and that they stay connected with faces of friends and classmates and of course their teacher. This experience will stand to them in 2nd level when they take part in debating & public speaking. They may one day report to us from TG4, RTE or even political reporting from Washington. Encourage them and remind them it's new to us all alike.

Last week we rolled out a timetable for our Senior classes and from Monday onwards all classes will be working around a timetable, see below. Infants break time will consist of Mindful eating and a catch up with each other. The senior classes can take a break from their live class, eat, get some air, cover work tasks and regroup with their teacher afterwards. We plan to stick with these timetables until the end of January.

Again we thank you for your patience with google classrooms and for the huge turn out to class each day, please keep it up. A huge thank you to our teachers, SNAs and management team, who, as always, are just stars.

Maith sibh ar fad.

Le fíor meas
Máire

School Laptops/Tablets on Loan

At this point, we have delivered devices to every family that requested one. We have a very limited number of tablets left, if you feel it would help in ensuring your child could attend daily lessons please email gsuite@scoilbhride1862.ie and we'll arrange to set one up for you. For those families that have taken a device from the school, we'd appreciate if you could take a couple of minutes to sign up to the loan agreement. We're sure you'll agree, the priority had to be getting the devices out and we didn't want paperwork to slow things down, but we do need you to sign the agreement.
