

Scoil Bhríde

COVID19 Update

30th November 2020

A thuistí,

Scoil Bhríde has been and is going to great lengths to keep Covid out and our doors and school open. We are learning weekly from schools around us and nationwide and with every case we become a little wiser.

We appreciate you informing us of situations where your child is, through no fault of their own, a close contact of a positive case and as a result was tested and stayed at home in order to keep the school safe. We imagine this will continue into the new year so we ask you to keep up the good practice.

COVID protocols

The systems put in place in September are still in place regardless of the new venue. There are many avenues made available to parents to enable them to contact the school. We ask you to continue to use these especially at drop off and pick times. Susan can be contacted via the new interim number 089 2633202. She is not available to speak to parents one to one at the building or door near her desk. This door is allocated to only a few members of staff thus not causing a situation where we cross over into each other's space.

Contact with teachers is also via the methods outlined in a number of previous newsletters. Our teachers are going to great lengths to ensure they stay well. We ask you to respect their space and avoid situations where they might feel uncomfortable. The cones where you pull in your car are in place/replace the school wall. Please stay on your side of the cones thus leaving teachers feeling safe. Walking around amongst the lines is not permitted and will only lead to a teacher or class working from home. Help us stay in school.

We understand that everyone tries their best and it has been a difficult term but one we have handled well thanks to your support and cooperation.

Lets hang in there a little longer. Avoid the sleepovers, avoid the non-essential mixing of children/households outside of school. Double think every situation where you might ask yourself if this is the safest thing to do.

Let's make Christmas dinner with family and extended family a reality. Let's stay safe.

Le fíor meas.
